
# LOAD AND GO!

## WIRE CUTTER BOX HOLDER

Available in 12", 18", and 24" sizes and holds either Sealwrap or ZipSafe cutter boxes. Simply slide your box into the non-skid wire frame to enjoy all the benefits of a permanent dispenser without the hassle of loading and cost!

The wire frame is specifically designed for fast-paced, high volume operations. Load and Go provides easy dispensing and unmatched durability for years of use.

AEP SEALWRAP®

Designed to keep the cardboard box elevated off wet counter surfaces. Non skid rubber coating is dishwasher safe and helps keep the product stable during use.

Once a cutter box is loaded, the wire frame design provides a simple lid lock feature that allows the user to pull the film quickly without the hassle of the lid popping up during use.

Attachment hooks located on the back provide easy dispensing from Metro and other rack shelving found throughout the kitchen.
