Slim Jim

*Items shaded in light green are Green Basis
*Items shaded in light blue are Silver Source brand

*Items shaded in yellow are stocked by PFG Springfield.

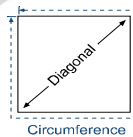

Color Codes:

C = Clear G = Gray B = Black W = White N = Natural

If you don't know your liner size, follow these simple guidelines:

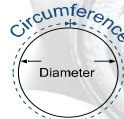

TO MEASURE SQUARE CONTAINERS:

For liner width, measure around the outside top of container (the sum of all four sides) and divide by half. For liner length, use the height of the receptacle plus one-half of the diagonal/bottom measurement plus three inches for overhang.

TO MEASURE ROUND CONTAINERS:

For liner width, measure outer circumference of container and divide by half. For liner length, use the container height plus one-half of the diameter of the container bottom, plus three inches for overhang.

Can Liners

Avoid breaks, leaks and other food safety hazards with sturdy can liners from First Mark™. With a variety of colors, sizes and weights that will hold up to even the toughest job, First Mark can liners are designed to exceed industry standards and provide customers with exceptional options. The Silver Source™ value line offers plenty of choices for the cost-conscious consumer.
